with Cementitious Infill  
Panels (Bare)

### Understructure:

Cornerlock

### Floor Height (mm):

150

## Project Description

Located in close proximity to the Orchard Road commercial and shopping belt, 9 Penang Road is re-developed (formerly Park Mall) to a mix-used development, comprising 8 levels of Grade A office space with 1 level of retail.

Microtac Systems was tasked to supply and install the access floor system for the office units in the building. With our experienced team on site, the installation process went smoothly and we were able to complete the project expeditiously.
